

Marine Bioresources Interested Colleagues

NEWS BULLETIN Autumn 2016

PharmaSea news

The PharmaSea project, in which BioBridge is a partner, is in its final months, ending March 2017. 2 new projects, MarPipe and Ocean Medicines, will follow up on the objectives of the PharmaSea project.

For the latest news please visit <http://www.pharma-sea.eu/news.html>

Marine Biotechnology ERA-NET news

The ERA-MBT followed the preparatory action CSA MarineBiotech project <http://www.marinebiotech.eu> that was managed by **BioBridge**.

The 3rd transnational joint call for research projects related to 'Metagenomic approaches for valorization from the marine environment', is due to be announced December 2016

5 successful projects for the 2nd transnational joint call for research projects related to "Biodiscovery - Bioactive molecules from the marine environment" are due to be announced.

Projects are expected to start early 2017.

BioMarine Business Convention 19-21 October Oslo

Meredith Lloyd-Evans moderated the workshop on How to finance the development of our biomarine industry?

Photos and video footage available at

<http://www.biomarine.org/oslo2016/>

PHYCONet Annual Conference 1-2 September at CPI

Meredith Lloyd-Evans chaired the session on PHYCONet Business Interaction Voucher Projects

Autumn 2016 p1

European Commission: Baltic Blue Growth Survey

Deadline 2 December 2016

For more information or to take part please visit

<https://s.chkmt.com/?e=68710&h=EA5BE2742B4F3CF&l=en>

ERA-NET Cofund on Marine Technologies-MarTERA

The Cofund proposal resulting from the collaboration between JPI Oceans and former ERA-NET MARTEC was accepted by the European Commission and is expected to launch a call of approximately 30 million euro in autumn 2016

<http://www.jpi-oceans.eu/news-events/news/new-era-net-cofund-marine-technologies-0>

**PhD studentship Dehalogenases from the brown algal genome model
Ectocarpus siliculosus. Aberdeen University**

Deadline 5 December 2016

<https://www.findaphd.com/search/ProjectDetails.aspx?PJID=78276&LID=12>

**Junior group leader position open at the Curie Institute in Paris in the domain of
Chemical Biology**

Deadline 15 December 2016

<https://science.curie.fr/wp-content/uploads/2016/08/JuniorPosition-ChemicalBiology-InstitutCurie.pdf>

**Bioeconomy Accelerator Call - Collaborating with Zero Waste Scotland towards
a circular economy**

Proposals are invited from small and medium sized enterprises and higher education institutes delivering circular economy and waste reduction projects in industrial biotechnology; bioeconomy, and food and drink sectors.

Deadline for outline project proposals is 19 December 2016. Full applications should be received by 28 February 2017. https://www.ibioic.com/Bioeconomy_Accelerator.htm

Call for 11 PhD positions in the framework of the MarPipe Project

Deadline for applications 16 January 2017

<http://www.marpipe.eu/call-for-phd/>

Postdoctoral Research Fellow in Natural Products Chemistry starting Jan 2017

<http://www.pharmacognosy.us/jobs/postdoctoral-research-fellow-in-natural-products-chemistry-2/>

£2.6M IBioIC studentships to boost skills in UK bioscience

IBioIC has been awarded a total of 27 four-year studentships to be allocated over the next three academic years – 17 to focus on industrial biotechnology (IB) and bioenergy and a further 10 to develop world-class underpinning bioscience.
